

Grant's Rants

Posted by Grant400 - 30 Apr 2023 22:12

Seem to be out of the woods now.

On the way back in.

How long will it take to get there?

That's 100% up to me.

There are two kinds of posts:

1. Help me feel better.

2. Help me do better.

Both are legitimate and necessary, but if you use the first method as a means to convince yourself you are accomplishing the second one, you are deluding yourself and wasting time.

Very powerful point. I often find it difficult to face this truth and try to convince myself that the first method is accomplishing the second, although deep down we all know it ain't so. I think the way you articulated this so clearly might help me face this more honestly.

Posts don't create accountability, but connecting through them can.

There's a big difference between being clean - and not acting out.

Can you elaborate a bit on this one? I'm not quite sure I get what you're saying.

Giving up porn isn't a sacrifice, it's an investment.

Being clean, is when changes are made and growth happens to facilitate long term improvements. Not acting out means you just didn't act out yet.

Very often, in order to get better, you're going to have to hurt more first.

We want our wives:

To be spontaneous - on our schedule.

To have pleasure - for our benefit.

To make it meaningful - but animalistic.

To have fun - but follow our script.

I pity them. Us too.

I have finally found the place in my heart to forgive you for the audacity of clamping down and shutting the StoryTeller auto-biography.

KOP!!!
