

Grant's Rants

Posted by Grant400 - 30 Apr 2023 22:12

Seem to be out of the woods now.

On the way back in.

How long will it take to get there?

That's 100% up to me.

Searching for videos of kittens, knowing I'll see triggering content - is searching for triggering content.

Summer is brutal.

Wherever I go, it is hot and beautiful.

In more ways than one.

End rant.

Sounds more like a haiku then a rant. (Just a drop of editing).

If I use even half the amount of intense, dogged, zoned in, bull headed, tenacious, one track minded, tunnel visioned, dedicated and unyielding effort -to be clean, as I do to get my fix - I'll be in good shape.

As long as I use permitted outlets to satisfy my lust nothing will change.

Hey Grant, I just wanted to share with you something. Yesterday, I had the strongest urge since I started on GYE. I don't know why or how it came. I was lying down in the afternoon for a little nap (something I do almost every day) and some thoughts just entered my mind, powerful and constant. It built up to the point that it was almost impossible to fight, and I came really really close to falling. At literally the last moment, one of your rants popped into my head, and as soon as I thought of it, the urge subsided. I struggled for a bit more, and then finally jumped out of bed and moved on. You literally saved me from falling. So I wanted to thank you, and also ask you to please continue your rants.

P.S. No doubt you're wondering which rant was so inspiring that it stopped me in my tracks:

Warning: Spoiler!

Lust:

The more I satisfy it, the hungrier it gets, the more I starve it, the more satisfied it is.

(Based on Chaza"l)

I dont htink you are quoting it right.

Chazal say, if you starve if it will be sated and if you feed it it will be hungry.

Not the more you starve it.... if that would be the case, then it would be very easy to be a monk or a Puresh. And we all know that it doesnt get eaiser when we dont get it for a while. Even without fantasizing.

So what Chazal meant is that dont think by getting more, you will be satisfied rather you will increase your apatite, and that is undoubtedly true

Browsing for something I don't need to browse for, knowing (hoping) I'll see something sketchy - is browsing for something sketchy.

I can stay clean for God, my wife, GYE forum, accountability partner and my precious streak -

for short term, but in the end I can only stay clean for the long term - for myself.

(Although, all of the above reasons can be part of why I want to stay clean for myself)
