It hurts when u miss someone...u know there are days when I still miss her (she who is my password to this site and every email account I have)...and I'm happily married almost 10yr and I still miss her sometimes...I think what I really miss though is just me then...I miss my youth...and the recklessness I was allowed...and I thank hashem for everything he has given me today...so

u miss him...or u miss chatting...nu this is life kid....much better things await moving forward...
