Hi I am looking for a mentor please, ideally someone with whatsapp, but open to email and other sources as well.

The official partner program does not seem to be working at all !! ( happy to share my experiences with the tech team if necessary.

Have you tried HHM? I don't know if he has whatsapp but he definitely is amazing! He has helped hundreds, myself included.

He can be reached at [michelgelner@gmail.com](mailto:michelgelner@gmail.com)

Hatzlacha!
