But seriously maybe join a shuir or something? Find a social group that is organized around something positive and join. It's tough and takes time but waaaaaay healthier.

Edit: After scrolling through your post history. Have you considered joining a 12 step group? I don't know if you're an addict or not, but it sounds like you could really use a fellowship of recovery.

Socialize with us instead! We're funnier, better-looking, and the drinks are cheaper
