Hi everyone

is there such a thing as paying someone to come to your house and put filters on all devices , custom to your needs ?

thank you

Maybe if you tell TAG you'll make a large donation they'd send someone?

I asked someone who works in Tag and he said that you would have to call the local Tag office and ask them whether they would do it for pay.

Why can't you go to a Tag office?

Thank you, appreciate it for asking.

i could go to a tag office for my phone.

But not for the computers.
