

Accountability Partner

Posted by photog - Today 03:59

Hi Everyone,

I am having trouble staying clean consistently. I seem to be able to resist for about a week to 10 days or so, but I am having trouble maintaining beyond that. I have the Covenant Eyes filter with Web Chaver on my phone and computer, but they are not perfect. I am reaching out to ask if anyone would know of or would be willing to be an accountability partner. Any tips would also be very welcome!

Thanks!

Hello photog,

I would love to help you be accountable. The only stipulation I have is: I will not be asking you to check in with me. That is the one thing brothers usually assume, is that I would be checking on them every day.

Brother, I wish you well.

It would be worth reading through the mini course on accountability partners so that you can do it right.

Reach out to Muttel, Proudyingerman, IWLR, and some others. I'm sure they'd be willing to be your accountability partner
