This whole editing the vote options is really cool. You can totally change around which votes are winning if you don't like the way the results are going.

I got the same issue.

I finding out little by little just how LITTLE women know about what goes on in a mans head, and it is scary!!!

my wife in her ignorance thought it wouldnt be so bad if we went to a mixed beach and i "just wont look at the women"

you hear this? she was totally serious!

alot of B.Y. girls DONT HAVE A CLUE!!!

maybe ill make a poll of that,

"Does your wife think she knows what a man goes thorough?

Yes, my wife knows about my addiction towards porn and masterbation.

I came clean to improve our relationship and learn to be more open. I had enough of lying my whole life, and deleteing GYE history just felt so wrong.

I am who I am. One day at a time.
