I am a chassidshe family man close to my fifties. I'm not so much into looking for bad sites. I have filtered internet. But i have access to another office computer from outside which i can access through programs. That computer is not filtered. I'm addicted to chat but i mean in the wrong way. I love to talk to women and girls. Of course the wrong and terrible things. I hate to say it but it makes me crazy and is a loss to my buissness. i have tried so many things. I have shiurim. I daven erlich but once i'm in office nothing stops me from this addiction. I have others who know me on Yahoo chats already so even i'm not in a chatroom they contact me . Its so terrible. If anybody can help please do. i will be watching here for help.

London, your post brought tears to my eyes. You are one of the first people on this forum who actually refer to the handbooks that I prepared, in a serious and professional manner!

And your advice to Loynata is priceless. You clarified so beautifully exactly "how hard do we have to try?"

Thank you for posting here your amazing experience. (And I am delighted that it is helping you too!!)

Hello my fellow Yidden.

I am sorry that I have been absent on this holy forum for a little while, I have simply been busy.( I know that's a weak excuse!)

However, I am never too busy to help a fellow Yid in need. If I can be of any help to you LH, please contact me any time.

Chazak V'Ematz!

Make a neder for a week that before you chat inappropriately, you will first take a 10 minute walk, post on the forum, read 10 Chizuk e-mails from [the archives](#) and give \$10 to Tzedaka. Then you may chat...

P.S. Get in touch with mevakesh, I believe he can help you better than most people!

Its says if you fall then give Tzedukah . Isn't after you fell already. I find i'm waisting alot of time here. I know its better then waisting it C'v in bad sites but i have to work also. If i hang out here too much . I'm feeling not accomplished. I got to make a living.

1) yes, the tzedaka part is mentioned indeed "after" in the booklet, but there are other ideas there and in the links provided that mention the idea of "BEFORE" as well. Tzedaka might be used before also.

2) Yes, please DO go make a living. Just remember, as much time as we spent on our addiction - we have to be willing to spend on recovery.

*As I read up more about your story, on April 20 you write "Is this normal? Is it normal that I keep on checking GUE all day?" I have to tell you that I have lost or not made lots of money so far this week because I can't get off GYE. and because my work is based on hourly fee, I didnt get more then a total of 4 hrs. of work done this week. but its ok because,*

*A. I have spent just as much time in the past loosing money to worthless dirt & garbage stuck on or "In" the Yetser Horas "WEB" or "NET". So I hope Its a way of Teshuvah Hamishkol spending time on just the opposite. like Reb Shlomo would say. Holy of Holy, Sweet of the Sweet, Deeper then Deep! And,*

*B. Its Hashem that gives parnoseh not work. (as long as your for real) so we have to focus first on what we will be taking with us in the world to come & only after that can we bother with the short time we are down here.*

*Ashrecho Yisroel*

Is the tzedukah before a reason not to go foward cause its costing us money? So it an incentive to keep back? Very good idea if we keep it . I made up to say tehilim if i go bad but this is all the next day after i go to mikva so i feel clean and start the struggle again.

It is not because it is costing us money. It is because we are doing a mitzvah and therefore we are forming an eternal bond with Melech Malchei hamelachim. The same is with learning Torah and saying Tehilim BEFORE. One is tapping into itarusa d'letata, itarusa d'leila i.e. an awakening from below will cause an awakening from Above).

As another member once wrote in the forum, you are not wasting time in this site. Just ask the Y'H if he wants you to be reading this forum or the rest of what this Tahor site has to offer. We are dealing here with TRUE AND LITERAL PIKUACH NEFESH.

YOUR nefesh, mine, and those of all of us here now and of any future members.
