

Fallen Sefer Torah, R"L

Posted by Kedusha - 25 May 2009 03:21

Dear All,

I have never posted before, so here goes.

I have faced Nisyonos in this area for years. Before Yom Kippur this year, I installed an Internet filter to which only my wife has the password (and if the password gets lost, only she can have it e-mailed to her account, to which I have no access).

[I have edited out the rest of this message].

Thanks. How were you able to edit my message - do you have administrator privileges?

Laughing to myself.
