

Make a difference to Sholom Rubashkin and help yourself in the process

Posted by ur-a-jew - 20 Jul 2010 23:25

I presume we all want to do something to help Sholom Rubashkin (if you don't you may want to consider some ahavas chinam on Tisha B'av). His recent sentence to 27 years imprisonment shows that there is a geziera of 27 years in shomoyim. The question is what we can do about it. First and foremost there is always tefillah. I am sure there is a need for money as well, however, my personal financial situation doesn't allow me to make a meaningful contribution. But what I can contribute is Shimaras Einyayim. So the idea I thought of is imagine the effect in Shomayim if we as a group got together and contributed 27 years of Shimaras Einyayim to counteract his 27-year sentence. We know that Haman's 10,000 shekalim were counteracted by Klal Yisroel's 10,000 shekalim. So my proposal is to counteract the 27 year sentence with 27 years of Shimaras Aynayim. 27 years equates into 324 months. If 324 of us got together and agreed that they are contributing the zechus of their Shimaras Einyayim for the next month as a zechus for Sholom Rubashkin's release, it will have to have a tremendous effect in Shomayim and hopefully it will be a zechus that will result in his quick release down here as well.

You can post your responses here and I will keep a tally of where we are holding.

Hi

I am new to the forum, and just saw this wonderful opportunity for ahavas yisroel. I'm on my first 90 day journey, day 20. If I can split the zchus with Sholom 50/50 for the rest of the ninety days, I am happy to do my share.

I'm a little surprised thsi didn't generate a greater response. We are all working hard, why not dedicate this hard work to merit someone in a great need?

On Friday, September 16, 2011, the Eight Circuit Court of Appeals affirmed a draconian sentence on Sholom Rubashkin, a sentence which is essentially a life sentence for him and his wife and 10 children.

We now have a unique opportunity -- for the sake of justice -- to express our outrage for this sentence and actually make a difference. If it can happen to Sholom Rubashkin it can happen to anyone!

The "deal" is always active. You commit to a period of shmiras eiynayim you keep to it in shomayim it helps Sholom, no doubt more than any petition you may sign (although by all

means sign but just know what's driving the yeshua)

I commit to another 30 days, yom tov can be a stressful period so an added incentive always helps.

I'm (bli neder) committing to have this thread in mind while I'm guarding my eyes one moment at a time. (Why does a 'period' look like the letter 'H' here???). (See).

Anyway I'll keep updating this post if I have to

I see the rubaskin kids in shul and we just paricipated in a siyum sefer Torah in his zechus sunday 2 days ago I can't imagine being away from my family he shouldn't have to be either

(3:15 ny time 28 elul just guarded eyes in his zechus)
