

I'd like a flyer for our shul

Posted by avi_avi - 27 Jul 2010 06:45

Does anyone have an idea where to get a one-page flyer to advertise this site on a printout?

I would like to introduce it to others in our community and perhaps other people will do likewise.

Perhaps also to send to internet groups.

thanks

Avi gr8 idea and tzizku lamitzvot, but you should check with Guard about internet groups. There is a concern that too much internet publicity out side of Frum sites could attract spammers and hackers

There's a newly revised flier available [here](#). I just linked the revised flier to [this post](#) as well.

Not sure if you have the old version or the new one? See the second bullet (quoted below). The revised version contains the number 800, whereas the previous version contains the number 500. There are a few other changes as well.

Two daily e-mail Chizuk Lists (browse the archives of over 800 past e-mails!)

As to whether it's "flyer" or "flier", see [here](#).
