that's the spirit, mr. bar d. chev!

Mutual respect for everyone's derech... For all the derachim lead to Hashem.

The only derech I don't like, is a derech that puts down SOMEONE ELSE'S DERECH.

SO LETS ALL GET OFF THE PHILOSOPHY CLASS LETS LEAVE OUR IVORY TOWERS

Well said!

NO JOKES LETS ALL PUT OUR MEHALCHIM BEHIND US AND KEEP OUR FOCUS ON THE EVIL ONE

HE IS A TRICKY SLIPPPERRY SNEAK THAT GUY

Another truth!!

Mutual respect for everyone's derech... For all the derachim lead to Hashem.

The only derech I don't like, is a derech that puts down SOMEONE ELSE'S DERECH.

Pure truth L'fee Kol Hadaos!!!

Rabbosai: The above is our mutual goal. Our avodah is in shechting this menuval of of our dor. Acutally this menuval has been alive since dor-dor. And, now in this weeks parshah.....need I say more?

Understood: The only way we can do our holy avodah is to merit Hashem's assistance. When do we merit this assistance. When we are Ish Echad....Lev Echad.

In this battle, the most gruelest, dirtiest, filthiest, smelliest, (shmalliest-for all New Yorkers), unclean_____ (fill in the blank)

.

...there is no "one" derech, there is only the "any" derech. Yes, any derech that will help any of us to win...this is the "right" derech. And, this derech may change L'fee Sha'ah. The rules for this gorilla warfare is that....there are no rules,(almost).

When we spend tooooooooooo much time using our heads, thinking about this s'fora, and that s' fora, the big menuval is running, taking advantage of this and gaining ground. And, may I suggest that this is the reason many of us are learning Emunah P'shuta from the goyim's 12 steps groups. We spent tooooooooooo much time using our heads, and thinking up another s'fora, and yet another rational etc. rather than just pulling up our shirt sleeves,(for the men), and going to work.

Anyone who needs to go the cesspool in order to save himself from this menuval...than you must go. In fact I saw in the sefer Tahros Hakodesh, that when one is in the bathroom, and they are hit with hirhurim, they are permitted to think in learning. Yes, he points out that these hirhurim are so dangerous, and can completely destroy us, that what....even in the bathroom,

(the cesspool) it is MUTAR to think Torah!!!! Don't think that you are (in this case) a tzaddik by refraining from doing so. We must do what ever it takes. At one time something is Assur, and then at another time, it is mutar. This is our battle. Viater!!!
