

Almost a Year!

Posted by Yosef - 19 Oct 2010 21:22

I just have to thank GYE again and again for the help that I got about a year ago. My problem had progressed to the point where I realized that I needed a ton of help and finally humbled myself and with guidance and support from a GYE member went to SA. It has been working for me, I'll be celebrating 1 year of sobriety next month. I still have issues, but with the help of the program, meetings, my sponsor and, of course, Hashem I am learning how to use my problems to grow. This has actually given my problems some real value to me - something I would have never thought possible. There are Hebrew and English meetings here in Jerusalem. If anyone would like to speak to me about the English meeting that I attend just send me a message.

Thanks,

Yosef
