ZS,
I wondering about your name. Whats behind it? Is there one specific song that is the real Zemiros shabbos or all?

i just like shabbos and the zemiros are the thrust of it. it also reminds me of what i am aiming for. to be able to feel close to the RBS"O and shabbos is the time for it. i hope to formulate these thoughts better on my not-yet-existent thread in the near future.
