Nope, It's dark at home, no sump pump in basement, and it's not going to be pretty overnight.
Flooding.....

Well at least the laptop battery is being put to good use. Good luck and stay safe!

Figured you of all people would have a generator in your attic ("higher power")

Amen, thanks..getting there. V'hayotzei midvareinu is this: The flood in our house is and only is an opportunity to express Hashem's Will for us and for me - my recovery is first in His Will for me.

So I called for my son to help me last night after I had bailed out tons of water outside in a window well that flooded twice and then came to water in the basement...I was not serene at all. I was sad and not looking forward to the clean up and the lack of sleep and the darkness, and the cold...and "Poor me, poor me, pour me a drink" happened! I lost it with my boy when he took too long to come - when he did not help exactly as I instructed him - when he kept (accidentally) shining his flashlight in my eyes as I was walking back and forth with spilling buckets of water - and when he was then upset with me being such a jerk.

Whew.

I made amends with him as soon as I could last night and took a break from the eisek. Went to sleep on good terms and not fuming, thank the Good L-rd. Boruch Hashem this is where my battle lines are drawn. For if not, I would be reacting to **his** screw-ups by yelling at him, making a total fool of myself, feeling terrible and even angrier, and then going to get the desperate relief I needed by getting private, unzipping my pants and having sex with myself - or passively-aggressively demanding sex (and more passionate sex) from my wife. And incidentally, my timing would be horrible, for the very *biggest* turn-off to sex for my wife *is when I act like a big, fat jerk!* And that's when I would need it the most desperately!

Gevalt.

Thank-G-d for Recovery, for the steps, for the goying in SA who I met and taught me that this is possible, and for Hashem for hatching His plans for me to find recovery even **while** I was very busy on my knees masturbating in the bathroom to pornography! That's *real* love.

Thanks for the care!
