the only way they won was because they admitted powerlessness, and were totally dependant on Hashem!!!!!!

I dunno and now, that seems more like a knock out, than laying low.
further, this is the time we are supposed to learn from the makabim and admit powerlessness in all areas!!

I once heard someone explaining the significance of Chanukah on the radio as the Jewish peoples' rejection of tyranny and fighting for their religious "freedom". (kinda like a Jewish 4th of July)

I thought that sounded nice... for about 10 seconds... and then realized that they have it all backwards.

We were fighting for the "right" to be Slaves to Hashem (which is true freedom), but you can't
