This thread is for saying "Hi"

You are asking higher reaching questions than Hi, so you really should open a new thread.

In the meanwhile...

Do you know that gye has awesome videos - I watched some... there's even one in my signature...

What I learned is that lusting isn't our biggest problem...

Again I can't give much input because you haven't said much about yourself - and you don't need to say a lot, but a little on your personal thread is the way to go...
