

Ki Nafalti , Gam Kamti

:( Although I've had my ups and downs over the years, and some long streaks of abstinence from any P\*\*\* or M\*\*\*, I never got off the roller coaster. Not that I think that I'm the most far gone person here as far as the quality and quantity of the shmutz, still I know that this is an addiction that never left me and never will if I do nothing about it.

This morning i thought of a mashal (someone else might have used it already, but for me it was a moment of clarity from heaven): A temporary bout with the YH about lust and P\*\*\* etc. is like a strep throat -take your antibiotics, drink fluids, rest up and it'll go away; if you don't catch the bacteria again -you're cured, and it's gone. But when the struggle for kedusha keeps on being just that, and with the slightest slip -you feel that you've lost control and your actions show that even years of self restraint didn't do the job (like ridin' a bicycle -ya never forget how to; same thing goes for sewage surfing...) that my friends is like Rachmana Litzlan Lo Aleinu V'lo Aleichem 'Yennerr Machla', and not the kind that attacks at first a specific organ or is operable; rather like the kinds of Yenner Machla in the blood -the best they can do is put it in remission, but it's there to stay -and when Chalila V'chas it's active -there's no limit to the damage it can do and the places that it will show up in. Same goes for addiction to Shmutz.

What's the point of this whole tirade? ... to be continued in the next installment (because it's too hard to type without seeing what your doing and I've filled the window and now it's dancing the Hora and making me dizzy...).

I also qualified for the title addict.

My Gemara says Gadoil MeiRaban = Shmoi,

Just call me ~~Loser~~ 'Luzer

Can you explain, elucidate please. I want to understand.

Make it on artscroll level, i understand no less.

I just meant to say that all the fancy titles are irrelevant.

To quote properly you have to make sure that **only** the words that you want to quote are  
between two codes that look like this:

KOT!

EBD

Oops, that didn't work too well...

When you are quoting another post, that quote will start with: **[size=1pt] [/size]quote** and end with: **[size=1pt] [/size]/quote**.

Whatever is written in between those two will be in blue. When you comment on the post, make sure that you are typing AFTER the end-quote.

Wow Yossel!

How did you do that?

I tried, but it backfired and turned into a "quote".

I put a 'space' between the "[b]/b]" and the word "**quote**". I modified that 'space' to be only **1pt.** in size, so it is not readily noticeable.
