

Got an internet filter.

Posted by Yehuda0612 - 11 Jan 2011 23:33

---

Just wanted to say, I officially installed an Internet filter on my computer! Yay!

That's one more step forward than I was yesterday.

One small step for man, a giant leap for *mein kind*!

.... & for the entire Jewish Nation! We are ALL excited for you!

gaveldig!

you did a really good thing

it can help a lot

did you give away the password?

not to be a spoilsport but it is not the Final Solution to a problem with lust.

lust can be had in many different ways. You will need to keep on working your program.

but it is a great start and a big help

keep on working and shteiging

hatzlacha rabba
