7up, in case your silently reading this from your holy perch in Yerushalayim, that's a city bus route number that runs through BP. notoriously slow. But can't really blame the city, as the bus needs to get by school buses that are stuck behind garbage collection trucks that are stuck (once they decide to finally move 10 ft) behind an oil delivery truck.

Oh, and the 50 odd cars that are all stuck behind or in between all of the above, are all honking.

You'd think they would just make piece with it...

As much as the summer is " countryYIKES ", as R' Berdichev so succinctly worded it, I'm going to miss the peace and quiet...

there MUST BE a REASON why people choose to live in cities... I just have not yet figured it out.

:D :D :D

Barditchev,

I actually know someone whose wife's name is Sura Susha, had a son after 11 years and named him Leivy Yitchok.

Leivy Yitzchok ben Sura Susha!

Go figure. . .
