Hello all,

It's been awhile since I have posted here. My life is absolute hectic at the moment.

And as all of us addicts know - that when the pressure goes on - our steam is looking to escape any hole possible... (I won't get into the details...)

I have come to realize how badly I need a sponsor - unfortunately in my area the SAA programs are very very under-developed. Therefore I am looking for a sponsor - If you are from Montreal even better - but if not I will still love to hear from you.

Thanks and best regards to all!
