

HELP-SOS

Posted by pinokio - 27 Jan 2011 17:35

Shabbos is coming. This holy day unfortunately always throws me into depression. don't have time now to explain why, but point is its starting to set in my little brain right now.

I need support from any hands on deck at GYE. Im working on the inyun and am not gonna fix it overnight, but i just need a little friendship to keep me till motzai shabbos. Not embarrassed to say, and Im anyways gonna decide now that i wont let my feelings get out of control, hashems with me, and everything will be alright. ill be besimcha as best as i can. this isnt gonna be some amazing profound 100page thread, its just right now i need a little, yeah, you know already.

Ive gotta log off but will check later.

Help.

b'h, i used my online time to convo with the newbies, what a mitzvah

briefly, i made it the whole last night.

Hashem turned up the juice to the next level

Iv'e got a triggering lady of a neighbor who invests all their \$\$\$ into fashion and TRIGGERING THINGS, and for their repetwoire of two girls

and this lady's got no husband...so no "how can you look at ____" factor

and her key got lost s/where in bnei brak

and they just came back from a simcha, all done up vichulay

and they were locked outta their house

and it was close to zero degrees last night, so my frau invited them all in, all three non males

and the guys came 40 min. later to be poreitz the door and make a new lock

and that took half an hour

and tzaddik90 already had hirhurim issues (BIGGEST UNDERSTATEMENT EVER MADE IN MODERN HISTORY) with this one

so GOD turned up the juice

it was like akeidas yitzchak

so i tried to learn

glance...glance...glance....

so i turned on the netbook and began to lain the GYE handbook with trupp

it helped an extra %18

God appreciated it

and the whole night i fought, without fighting, and won, with brilliant resilience and resolution

in the morning i still had the nisayon, now for over 16 hours

and i slipped...and then....and i said "boy is this floor cold!"

and i was happy

because if i triggered you all and told you the details of the slip, you'd see how it was on an unbelievably innocent and new breathtaking level in this battle

and if you knew how i'dthe floor's cold....you'd understand that i am %100 proven irrefutably on a huge amazing new madreiga relative to my struggle

and i held out for 16 hours, when 3 lions came into my house?!

there are amazing things happening here at GYE and i am thankful to GOd and gaurd, and the va'ad harrabanim that have helped me along the way

and i am proud to share

simchas by all

update on math test, for the initiated with the vip priveleges:

just spoke to 2nd person who says the practice tests are much harder than the real test, both know from experience

THERE IS HOPE!

in star wars lashon "a new hope"

and yest., as the super initiated will attest, i sounded like a wheezing and panting, psychotic big piece of marmoset Rid

and being emotionally vulnerable and with lust pounding on the door of mine brain to let them in, and with the three lions, and nazi party youth group aktion math studying, i made the wife feel a bissel unnoticed, since my Rid marmoset brain was so busy

so this morning i wrote her a letter explaining i am sorry, and it's just because im undergoing so much, and if she knew how much the math aktion blitzkreig was ss-ing me, she'd chap

and i said maybe she can encourage me that I WILL pass this test, bec. that will help me be a person better and a husrubberband

and this morning she saw my letter and had so much mercy for me and compassion, it was almot biblical

and i started to cry

and i felt better

thinking of all of you
