Shabbos is coming. This holy day unfortunately always throws me into depression. don't have time now to explain why, but point is its starting to set in my little brain right now.

I need support from any hands on deck at GYE. Im working on the inyun and am not gonna fix it overnight, but i just need a little friendship to keep me till motzai shabbos. Not embarrassed to say, and Im anyways gonna decide now that i wont let my feelings get out of control, hashems with me, and everything will be alright. ill be besimcha as best as i can. this isnt gonna be some amazing profound 100page thread, its just right now i need a little, yeah, you know already.

Ive gotta log off but will check later.

Help.

Read through these last three pages and frankly my head is spinning, I can only imagine what's going on in your head. Some suggestions or observations:

1. [tzaddik90/Special Weapons And Tactics wrote on 02 May 2011 07:35:](#)

(it's miller time)

This was going to be my suggestion. Apropos of an earlier post, this is pashtus at it best, living at its best, and while I have no qualifications to make this statement, I have no hesitation in saying that every word of Rav Miller's is al pi kabbalah.

2. [tzaddik90/Special Weapons And Tactics wrote on 02 May 2011 14:02:](#)

so wife and i planned this special trip, the type you take twice a year maybe, or once. and then before we were gonna pack up she tells me she is depressed, and house is a mess, she keeps cleaning it and it just gets bigger mess like in uncle moishe (played by metallica) so i used to try to control situation by GETTING her to be undepressed and go anyways, a deadly disaster so now, in my program, i just surrender god wanted this to occur and i got the "heck out of his way" so i did nothing but ask if i could help

This is it, right here: "so i did nothing but ask if i could help." Never really learned kabbalah but that statement seems like TIFERES to me.

3. [tzaddik90/Special Weapons And Tactics wrote on 29 Apr 2011 14:19:](#)

forget if you know that your sefirah of tifferess looks green and sickly

[tzaddik90/Special Weapons And Tactics wrote on 27 Apr 2011 10:11:](#)

you had gotten so angry because of your ego, that you had been pogeim your kesser; because kesser is ain, and you asserted yourself as ani, the same letters. since kesser feeds the kav emtza-ee, your tiferess died, and you could no longer gain tools from the torah . . . furthermore, down the kav, your da'as became pogeim too as a result so whatever torah you already had studied could not help you since you lacked your own kli of da-as application.

This is like a brocha in disguise since now you get to learn torah lishma.

Continued hatzlacha

"the oscar meyer whiner truck". So long as you keep on trucking it don't matter what kind of truck you drive.

Thanks, at least **somebody** got the joke.

Although by now, even the American beggars have blackberries...
