АНННННННННННННННННН So close yet so far

Mishpacha magazine this week had a piece form Yonason Rosenblum about our site. He even went so far as to print the the site address and part of Rav Feldman's letter. BUT he the put the domain name as .com and not .org
I guess Hashem still wants us to be a secret.

(GYE purchased the .com domain a while back and, Boruch Hashem, it was a very good investment). Relax - www.guardyoureyes.com redirects to www.guardyoureyes.org. Try it!
