

OPERATION: revive this board. volunteers?

robbosai,

does anyone want to volunteer to start making some use of this board. i did the attitude handbook, but i dont have anymore time to do any others, i am a lot lot lot lot more busy now, especially since ive been using the phone conferences. it is a chance to learn the handbooks and by summing it up on a thread, you really internalize the handbook.

so again,

any volunteers?
