If you want the evil eye to have no power against you and your descendants , then make your eyes do not want to enjoy what's not yours, as Yosef Avinu's eyes that didn't want to enjoy what was not his (potiphar's wife who tried unsuccessfully to seduce him), that's why the evil eye has no power against him nor his descendants.

- The Gemara, Berachos 20a

How do you do that?

- The Gemara, Berachos 20a How do you do that? Guard your eyes from looking at women others from your wife. Which can be achieved through Torah, the help of HaShem, and of course the 12 steps and GYE.
