Vayelech yakov charanah, yakov left with the intention of reaching Charan. later on it says Vayelech artzah bnei kedem.

The **Meshech Chochmah** explains: originally Yakov left intent on running and hiding with his mother's family, in Charan, to keep himself safe from Esav. Hashem appeared to him and said Vehinei anochi imach ushmarticha bechol asher telech. Once Yakov received that message, that Hashem is with him in every place, guiding and guarding him, then he was not particular about the destination.

Wherever he would end up he was with Hashem.
