

Did the group start up again?

I saw a post on the GYE blog that the group started up again. It said they were int he middle of "Bill's Story". Is that a mistake or have they begun a new cycle? I was in the last cycle but I would like to drop in sometimes just to say hi to the new group.

I don't think so, I called in at like 12:20 and just heard music on the hotline. Then again, it was my first time, so maybe i did it wrong. Anyone else get this music thingy?

No, not yet. I'm sure it will be announced on the forum and in the Chizuk e-mails.

Just in case you missed it, you can always call in tomorrow. It started today with a very diverse group of *chevra* with one common mission.
