

Source for Shavua used in the TaPHSiC Method

Posted by wantoimprove - 26 Jan 2016 07:57

I'm looking for the source that's posted encouraging making a shavua in matters of gelui arayos.
I can't find the page; is the the Ohr Hachaim?

That's actually an example of an addict trying to weasel out of his Taphsic...

And Tosfos refers to a gambling (addict?)

Thank you Gevura Shebyesod and Eslaasos. However Gitten is not the source I'm looking for. I saw a link on GYE of a Rishon perhaps. I can't access that page now. Given the general [Ahkenazic] opinion that making a shavua is too dangerous, even so, with gilui arayos it is praiseworthy and helpful. Anyone know the source I'm talking about?

It's Ohr HaChaim in Parshas Matos.
