

LUST OR DISGUST?LETS DISCUSS!

Posted by ieeyc - 25 Apr 2018 23:39

I dont have the leshonos in front of me ,but here goes.

The Gemara says that an isha is like a untensil full of feces and blood,but nevertheless everyone is running after her ,how i this so? Gezeras Melech he! Which means,in order for there to be a continuation to mankind, Hashem decreed that men have to be attracted to women (and the decree is being obeyed pretty good!) eventhough in reality, its something to be disgusted/not lusted .

Does this mean that women dont or should not be respected?G-d forbid to suggest such a thing! A nonjew is Tzelem Elokim-Made in the Image of Hashem,and a Jew has that, **plus** a Neshama Kedosha,so respect upon respect is required(unless that person is a rasha meroosha).

Does this mean that i **MUST** lust after her?(hey a decree is a decree).G-d forbid to say **that** ,Viatah timshol bo! and you will/should conquer him (the yetzer hara)!

So my main question is where does this leave us, regarding the temptations of the street? And in what practical way can we make use of this precious secret from Chazal?(and it **is** a secret because suggest this idea to someone who is not ma`amin in Chazal and ask if they agree to this ,or are they **vehemently** opposed.)

To be continued ,be`ezras Hashem.

Either way, he doesn't belong here. Sorry i can't detail in this post

as far as not belonging here , i feel that my recovery here has improved tremendously , thanks to gye and all my friends who i read their posts and battles and chat with them , im always welcoming newbies and showing them around since i have recieved that kindness when i was new here(i still am new here,just here close to a year BH although have been getting the emails for another year before) , and the people who i have reached out to me to thank me for the assistance ,so i feel i have **gotten** and have **given** over, so i think i **do** belong here(sorry if i rub some people here the wrong way)

i be`ezras Hashem hope to stay , even after i hopefully lick my problem and help others and not just fly off with the attitude NAFSHI HITZALTI, im not saying those who left HAVE that attitude,

unfortunatly there are some people who feel and have made themselves experts on the subject and feel if anyone has a different way of seeing the problem are upstarters, all i want to say is that i am dealing with this problem over 40 years with a great 11 year streak which is over 4,000 days BH,

and foolishly fell back into stupid habits/memories,

i know that im not using the physocology/sa methods but have read up alot on the topic in seforim, which contained alot of chizuk,with alot of ups and downs ,this definitely does not make me an expert on the matter but there are members who could use that also,its not my way or the highway like i feel some people do have that attitude, but i have something to give over,and i have alot to still learn from the many inspired members here.

im not sure what markz is refering to , but for the record my "problamatic posts" have no connection of a not tzniusdiga nature which some people **might** suspect from markz`s vague post, some people **have** posted triggering stuff and have been banned , which is **not** the

case of my problematic posts,unfortunately not everyone sees eye to eye here , and that may be the cause of friction here.whatever it is,foward march!

You ALWAYS delete Posts

Out of 546 Posts

A very high number have been edited

+ - 16% Have been blanked out

8% Have been totally deleted

The proportion of + -25% is extreme. **No users write and delete like this.**

I did not say it's b/c of inappropriate content - This is 1 of your many your typical accusations.

You know why you edit so much - I'll leave it to you to spell out.

This is enough reason to ask the Admin to give you a free vacation pass
