

Kiruv Rabbi's website has many lectures that help

Posted by arkm4 - 06 Nov 2019 00:36

Hello everyone,

As the title suggests, I thought it would be useful to spread the link to this kiruv Rabbi's website; specifically his series of lectures on wasting seed.

Link: www.beezrathashem.org/zera-levatal-series

He is also on youtube, but I realize that some members of the forum most likely have blocked that site. Either way, I believe he is a fantastic Rabbi from the chizuk/Torah perspective and BzH we all stay clean.
