Posted by SoulinPain - 13 Sep 2011 16:41

I have been in the 12 steps program for 4 yrs and had a relapse.

My marriage is falling apart (because of my moods, I lost my job, I am losing my social life. I am in pain. I am losing my life)

I need to get sober now. I go to meetings almost everyday.

I am not sober today.

Need support and Siyata Dishmaya.
