

Confessing some of my secrets

Posted by have2changeNOW - 16 Jan 2012 23:09

Hello All,

It does feel good to see other Frum Yidden with similar (hidden) sexual problems/addictions. I'm just posting now for my 2nd time, reading many posts, and very glad to have found this website. I am hope it helps me as it seems to have many others. I can see the chizuk in knowing we are not alone. Yasher Koach to the founders and funders.

I feel like I want to unburden myself a bit, actually a lot. I'm not really sure of the rules of what to post -so if I say anything inappropriate - please let me know, and I will certainly avoid it in the future.

So here's the biggie – I just have to get off of my chest: I see most of the post and articles discuss masturbating and porn. That is part of my problem for sure, but I go much worse - going for massages with a 'happy ending', and worse going - to live zonahs; and worse - trying for certain 'fetish' acts that many times include unprotected sex. This has been going on off and on for about 20 years, and I'm married for about 22 years. Oy! I have led such a bad double life.

I have ups and downs with the zonah frequency – but sometimes its a lot – like 40 or so times per year! Sometimes I feel terrible about this terrible secret life, other times its more emotionally distant from me. This year since Rosh Hashona I have fallen much less than last year to the zonah level. I have put filters on most PCs and cellphones I have access to, and I feel that joining GYE is big part of positive hishtadlus.

That side of my life is so diametrically against what I believe in!! Sometimes I have streaks for a month or two when the zonah part doesn't happen at all, but I feel like I almost never know when that could 'strike' and not be derailed by me stopping and/or even just masturbating. On a scale - if I only just stayed at home and masturbated - that would be great (relatively), especially if it's just using my imagination not on internet. Does that make sense – or am I just rationalizing masturbation?

I think my self-esteem is ok (?) - I have grown a lot in learning, pretty good job, nice friends,

Baruch Hashem - I get along well with my wife (she's great in most ways, including a good sex life and she's understanding – she knows just about the internet porn /masturbation part of my addiction) but I would instantly become the biggest hypocrite ever if the zonah part ever got out – G-d forbid! And I do believe that its hurting my Nashama – and it's one of my life's' avodahs to have to fix somehow. . . .

Please Hashem help me to never do that again!!!!!!

Thank you all for reading/listening – feels very cathartic to tell the truth to this special group of holy brothers.

Sincerely,

Trying4awhile.

Goodness gracious, I just scored 19 on that. A few of them were just quite recently... in particular, #12, the newfound belief that I just need to find the one perfect massage place that is not explicitly sexual (so I can justify it) but more than just a massage so I can fantasize... i.e. the 'perfect' balance. I can't find it and it's driving me nuts and wasting time.

Also #9, I was having very nice intimate moments with wife, and then it wasn't enough and I started to think about inappropriate things, as if what I had wasn't good enough! So #9 just sprung up.

I've strangely fantasized about #20, being arrested, the only one on the list I haven't actually experienced. The fantasy is that the cops try to bust me for being in a massage place, but I know the law, there is nothing illegal about it, so I'd have a fun time with the cops admitting exactly what I was doing, and also that I was aware it was not good behavior but still it's legal.

One site suggested moving past Phase 1 fantasies and onto Stage 2, the consequences, the hurt to my wife and family (although maybe not my all my family since male family members I suspect are into the same behavior)...

long story short, I much appreciate these boards and realize i need to get back up from the fall...

I'm embarassed to call me SA guide since I cancelled several meetings, and I'm resentful that he started his own meeting despite the fact that he's not even fully recovered! the blind leading the blind.

I'm also being harassed by my wife about choosing schools for our kids next year, the tuition bills are astronomical, the fear alone is enough to lead me to the demon's den...

So? I have been there, too, and so have many of us folks. You are so, so lucky that you can admit that. Don't belittle that gift! But being shocked will get you nowhere. What are we willing to do about it is all that matters. It may take weeks or months to learn to do differently. But it is so well worth it. What are you willing to start doing about it today, chabibi?

Very, very, interesting post.

I also received similar advice many years ago, and to some degree it has helped me survive my years of addiction intact.

However, I think that this is more of the approach before being addicted, and maybe also in the early stages. But after that although it may be the best surviving mechanism, it doesn't cure or even curb the advance of the addiction, then different (and maybe even opposite) steps are required.

In other words, you are discussing how to educate people to deal with lust, everything else on GYE is how to deal with [u] addiction[u] to lust. Addiction to lust is much like addiction to alcohol and heroin, it's not the specific pleasure but that which it controls me.

At least thats my opinion on the matter, but ?' ???? ?????.

Hello Holy Chevra

Good to be back on the Forum!! I have PC access off and on for a few days at temporary office setup. Before I get into the bigger news - and once again seek advice from the GYE sages - let me say that my absence from the Forum due to lack of Internet access - I fear it has hurt my recovery. I really miss posting/reading/inter-acting here.

I just got caught up reading my posts - including those on my thread - and yes it was great to meet TehillimZugger in the shadow of the Kotel, and learn up a good sugya together!

So here's the quick and somewhat disappointing update. In Israel - I actually crossed the 90 days clean line, and I mean REALLY clean - no p*rn, no m*sturbating, kavalchomer no zonas for 90 DAYS which is unprecedented and nothing short of miraculous for me! Not even close to

that in over 20 years!! But this talk of a brain change at 90 days - just isn't true! I don't know why I believed that because I heard so much that we are addicts for life! Upon my return to the states last week, I was guarded since I have often fell after a spiritual high - including whenever I return from a great trip to Eretz Kedusha.

Att about day 100 - back in the states for 3-4 days - I starting to fall like il haven't in the whole 3 month period prior. Looked at p*rn (but didn't m*sturbate), found some z*nah numbers but didn't visit - just called. Then after a few days - started to m*sturbate. Then 2 more days - went to massage parlor - and there I did my (old) habits to get the woman to go way beyond a simple hand happy ending. oh well. I'm kind of stunned, kind of bummed, but still the shining light of the TOTALLY CLEAN period is there - BUT I NEED GET BACK THERE!!!

I am going to a weekly SA meeting, makes some calls, but not sure if just more recovery hishtadlus is good enough. I'm focused on the right things for hours, and then all of sudden in the last few days - just quickly falling apart - with dire results! ANY SUGGESTIONS? ? ?

OK - that's all for now - i hope to have more access and to continue posting. really do miss all you guys!

Be Matzliach

Have2Change NOW - AGAIN!
