

where's Benzi?

Posted by Kevin Pond - 08 Jul 2012 23:37

Hey guys,

Did you notice that Benzi is gone? I saw that his name is off the list of members. He deleted his own posts from his own thread, and asked me (and maybe others?) to do the same.

Anybody has an idea what happened? anything we could have done to prevent this?

worried,

kevin

He was worried about having compromised his anonymity. He said he may come back under another name.

i really wish you hatzlacha,Benzi (if you read this post)- most of us (I THINK) are not so savvy and would not kowo who you are.

i really liked your posts, and i wish you come back

personally, i had a time i was upset with the forum (as i got some really insulting messages from someone) but then deicded not to let this drag me down...
