I feel bad that I am not hugging Hashem back to the best of my ability, the learning department has fizzled to a put put pu...t p..... *silence*

The NWRI kabala has sort of become batul, I really caught up on some good TV shows, I love watching them.

So exciting, everybody looks beautiful and happy, all the good guys have awesome aim, and the bad guys are so evil, the spookiness is so spooky....

A deserted Funeral home in the dead of night....

A Crypt below the St5rasbourg Cathedral....

Morgues...

I can't get enough of this stuff!

I was coming home from work late because I had to finish watching...

I realized that some of the programming was questionable

I realized that nothing else really mattered.

I realized that I was slipping.

slipping?

Lose my 92 184?

OY VEY!

VUS GEI ICH TIEN?!

oh well, I guess I need a vacation from TV shows...

I took out a two day kabala to abstain.

Next wee I may need to watch a bit, because there will be a few new epizoden...

Nooz Kaput

The end of chodesh Adar (see bnei yissaschar or Sefer yetzira)

this is a remez that the month of Elul coresponds with the month of Nisan

(inasmuch as today is the end of Av, and the mispar emu is Nooz kaput vidoik)

Basicaly what I meant was that the Sefer yetzira says each month corresponds with a limb or
body part, the month of Adar is the nose or Nooz in yiddish, nooz kaput equals the end of the
month of adar, today is the end of av, that may mean that there is a correlation between the
two.

whatever

But why is 97 nooz? Whouldn't 57 be nooz? Or did you invent a new type of gematria?
