Welcome to GYE!!!

It's a great crew we've got, a bunch of good guys going through the same struggles!! What's the story behind that question?

Don't be a stranger, no need to be afraid (just watch out for talking eagles, and turtle monkeys, and belzer giraffes!!!)

Looking forward to get to know you!!

Post away, and KOT!!

Explain "sudden" please.

what do you do when it is not so sudden?

Have you ever been able to control yourself (so to speak) when any type of desire popped up?

Was there a trigger to the desire?

In other words....welcome to the site, and post away!

Call another GYE or SA member.

Not only will that help deal with these moments, but it will probably do wonders for your social anxiety too. Nowhere else will you find people who understand you and won't judge you at all, in any way. No need to feel self-conscious around people like that.

If you never try, you'll never know.....
