I'm in contact with a person who is still struggling with the decision whether to join GYE.

Does anyone know if I could have him get the GYE chizuk emails before he joins GYE, or he must be a GYE member in order to get them???

Should be doable. My wife signed me up to the emails before I was a member, and she wasn't a member either.

On the [Home Page](#), on the left hand side, just put in his email address!
