Hi, I grew up in a less than modern orthodox house hold, I was off the derech for a couple of years which included relationships with women, at 18 i went to yeshiva in israel and came back on the right path, i even did shana bet, after israel i came to yeshiva in america and started to fall to watching inappropriate things on the internet, at first it was small things nothing i thought would be a big deal but it turned into watching everything out there, after this yurita i took was able to quit for a couple months looking only at the "small" things out there on the web but have fallen back into my old ways, if anyone has any suggestions please comment

WELCOME! You have come to the right place. Read the handbook. Check out some of the links in my signature (especially the dov quotes). Keep posting and reading the forum. Many have been in your situation and are living sober today.
