

torah620's journey

Posted by torahis620 - 21 Jun 2015 02:57

a chossid came to the baal hatanya saying that he had thoughts of kefirah so the baal hatanya told a tifeh maamar and it helped for a while

then it happened again so he told him another maamar which also only helped for a while

then i think the chossid went himself to r sholme of karlin

who said the passuk ??????? ????? ?? ????????? by chanuka licht and while he said it he put his hand on the chossids shoulder

and wonder of wonders the chossid from that second on forgot all about the machshavos and they didnt bother him again

so he went back to the alter rebbe

so the rebbe told him ?? ?????? ??? ????????? ? ????? that a tzaddik like me who is the bechina of tziyon needs to tell you torah meaning a deep maamar but a tzaddik like r shlome of karlin who is the bechina of yerushalayim needs to tell you only a few words and it helps already...
