

African American Slonim FFB LGYB

Posted by cordnoy - 08 Jul 2015 16:48

Hey!

Any like minded people out there here with similar issues?

Would love to form a group to discuss how we personally can cope with this disease.

As our values are obviously different than others, what can we do to sleigh the beast?

FB, Twitter, Instagram, skype, Text, Yahoo or Whatsapp me for details.

my handle: AASFFBLGYB

Take care!
