

My Story - Thank Gd

Posted by Markz - 17 Sep 2015 00:27

Hi guys!

(Please see my share lower down at end of page 1)

I've been wondering if people with weak communication skills as I have are more vulnerable to the lure of pornography (See [this link](#) for example), and if unique non-standard steps would be suggested for us to get out of S* addiction.

BH I have a great job, kids...

I also have a good therapist, but have been hesitant to ask about this yet.

I'd love to hear feedback from anyone familiar with the topic. ZemirosShabbos? You mentioned it some time back [HERE](#)

Thanks

Mark

I guess you can call it a work business meeting because this Sunday Karl is scheduled to meet Workingguy for the first time since joining gye

[Although we met once prior to gye at some party but I'm not good at remembering faces so it will be like a first time, although now with all our texts and calls he's not a random fake name

guy either]

Oh and yes, on the agenda we'll be discussing about joining SA and the path to sobriety in general cos distractions and games aren't working for me. I don't think he's a therapist, but a friend in arms and has some common sense too

I'm putting a bigger focus on life with inspiration from Rabbi Twersky who should be well, and it's a lifetime's work

One of the old time 12 steppers here shared what he's doing to get out of lusting and he listed for example

1. Helping the wife
2. Compiling his Gemara Shiur...

Im like "what has that to do with 12 steps? He must be drunk"

None of what he mentioned was anywhere in the white book

The answer is that our/my problem is not lust, but how to be "Living life to the MArX"

Any form of escape from life is escape, and ?? ???? ??? ?????? ???? ????????, escaping to post 30 posts a day with just-havin-fun was for me another form of escape from life.

Q: "Oh but you're a Tzadik, b/c you're posting and not masturbating now"

A: If life doesn't mean much and the only concern is if you masturbated today, please disregard this post

KOL!

1 of my teachers taught me the beautiful concept of writing lines. It's supposed to be an educational tool suggested for well behaved kids

It's a few years later. Let's try it again - right now - 100 lines...
