Posted by Gettingcloser - 20 Sep 2015 20:34

I just came here, I'm taking off my coat & hanging it into closet, making myself comfortable here..

Please give me some advice on the minhugim & everything else I need to know about this holy crowd here,

Just 1 question writing & reading in Yiddish is easier for me is there any Yiddish forums?

I need chizik I don't know where to start, my kailim are b"h filtered with a strong filter, I always thought I'm not from the the people who have challenges in inyunei kedusha but since the last year that my wife is getting her period every 3-4 weeks I got to know my bad side better, I see I still have a lot to work on, maybe hashem didn't want me to be such a bal gava.. I'm wiping my tears while I'm writing these words...

I was leider nichshel in looking porn, I felt after that like such a garbage I had never in my life felt such awful feelings, these ugly goiyem, these gross videos, I thought to myself these actors know that I'm at a huge risk of losing my job marriage, children, and of course my self my real life, why are they doing that? Why are they killing people? Just because they want to make few \$\$\$\$??? How can they risk the lives of our children (& their fathers...) ? The human being could be so bad, could make such a churben.

I was b"h unable to do it again because of the unbelievable killing pain, but after few months the yaitzer urged me to give it another chance, & he was successful & that old pain came back with much more power, oy tata I don't know how people could handle it,

B"h today I have a good filter & I don't feel that watching these ugly bahaimis is still an issue for me,

But I still feel helpless against nisyoinis of hoitzues z"l when my wife is not clean, any suggestions where to start (& hopefully end) will be appreciated , dear friends give me a helping hand & hashem should bless you with a shuna toiva umsika

one tool used here a lot is the "one day at a time tool". the next time the desire comes up maybe tell yourself "tomorrow i can do it but just not today, today i will stay clean, just for one day". who knows what tomorrow will be like? i have found this very effective.

Me think that the more you blame it on them (those pruste chaya ra'os), the more they will control you.

When we begin to take the blame, that is when the healing process can begin.
