Why not share his name. I am sure that there are many boys who would love to speak with him.

Today was day 8, and bh I feel pretty good. As I'm going through the steps, I feel like the first 3 steps are quite similar about making a conscience decision to accept that I am an addict and only HaShem could help me. What r the oilams thoughts?

My thoughts aren't the greatest, still working on getting rid of them.

Try someone else.
