Hello,

I have been to many face to face meetings. I want to work using a type of system that GYE has. I just dont know how to navigate GYE. where is the beginning and where is the step after that. (there is no end)

Welcome

If you are at meetings that's great

I think the GYE highway milestones are found on the GPS page in my signature

KEEP ON TRUCKINGGGG!

Welcome,

Don't try everything at once.

Life awaits.

It is confusing at first. I would suggest to the GYE handbook first as that gives you a lot of tips and background. Also, take some time to explore the website and the forums; they are especially helpful to feel less lonely. And finally, you should try to follow the steps of recovery which are on your Personal Homepage.

Make it a great day!

My first step was GYE handbook and checked out GYE evaluation. But could be others do differently.

Welcome! My first step was the GYE Handbook as well, and also the 90 day chart. While it is not by any means the end goal, it does provide you with an initial goal to help jump start your journey to sobriety.

Hatzlacha!

Welcome! The handbook is a good first stop. This forum is a good place to post and get feedback, chizzuk, etc. It can be confusing at first, but you'll get the hang of it.
