Welcome to the club!!
We (I!!) like to call a spade a spade; it's masturbation, or more bluntly sex with yourself.
more information about your struggle; it will only help you.
But the most importent thing is to get out of isolation. There are many great guys on this website who can help, so get involved.
Dov's Desperados phone calls can be very helpful (thanks Markz!) guardyoureyes.com/component/zoo/item/dov-s
There is a light at the end of the tunnel, you just need to find out what works for you.
Make it a great life!! ===================================

It's nice to have you with us. Read the handbook. Keep posting. Click some of the links in my signature. (As an aside, there used to be another user called 7up. She was on the women's side, and even after the GYE mechitza went up, she was able to talk to us since she was older and more of a Bubby to us. Did she just disappear???)
