Welcome!

Hatzlacha with whatever it is you want to succeed at.

Hopefully that two chances is what you needed and you won't require a third...

I would like to wish you Good luck, but i dont know what you need.Try to tell us more. It doesnt get help until you admit what it is you are fighting. But if you decide not to share stick around look at the forums there is some great advice lurking.

Welcome! I would rather wish you "good courage" than "good luck". It takes courage to open up. May Hashem give you that courage. We look forward to hearing more from you.
