hi this is tzomah now that i'm getting alittle used to this one week maybe ican open up as akid my parents were a little messed up lots of screaming and fighting and i would soothe myself by mastrubating and playing with myself while fantasizing about any girl i happened to have seen that day or my 2 cousins i did this from when i was akid almost till i got married feeling guilty all the time except if i was learning really well and connecting to hashem i would sometimes be able to hold off for the most a month but at times i would go crazy and have such strong urges that i did quite some crazy things to get my fix

after i got married i stopped but inow realize that i was really using my wife igot obsessed with her and her sexual abilites or lack of and being from a closed home she didn't know much and i expecting who knows what mainly that she be and act like a fantasy i tried controlling myself but really i was subconciوسly manipulating her to be some one else and for atime it worked like 2and ahalf years until her compulsive issues came out and then i realized she wasn't even capable of fullfilling the fantasy then ibasicaly collapsed and slowly got in to the internet before you know it porn for a year till one week ago i decided enough is enough found gye and am trying to kick this compulsive habit this is the first time i am making a real confession so any comments or chizuk would surely help as i get thes compulsive feelings when i turn around and see a hot girl i also start feeling guilty about how prust i can be

Sorry if this comes off as being mean, but would you be able to give a little more of an introduction to yourself?

I know it's hard opening up about this so i am sorry, but it would be beneficial to have more of an intro

took me a few minutes to figure out this post.
