Hi, im 17 and about two years ago there was a while that I watched porn, since then I have been moitzei zera very regularly. I also really njoy speaking about sexual matters and would often try to draw my friends into speaking about such things. Last week I txted 2 new friends in my yeshiva trying to bring them to disscussing these bad topics. Somehow word spread and my mashgiach found out what I did. I had tried speaking to him earlier for advice on how to stop being moitzei zera so he knew what I had watched in school. As soon as he heard about those txts he sent me home for therapy. My therapist suggested I take a look at this website and that I put this blog in. Hoping to stop asap as the current situation is extremely embarassing because half of my yeshiva have found out about the txts. Can't wait to hear back from u guys:blush:

I blush too about myself

its embarrassing the first time one enters SA and says "my name is ... and I'm an addict"

there's many many boys that talk and txt about these things. If you can get this struggle under control you'll be able to show the light to many :-)

Sunderland may be a bad boy, but I don't believe so

See the rat park video in spoiler below

The opposite of addiction is connection

But the opposite of connection is connection

Sunderland wants to be connected with his friends and this is how they connect

hes not a bad kid

Only it's time to find preferred connection methods, like the "Trucking Story" in spoiler below.

KEEP ON THE TRUCKING. BEEP BEEP

nice new name why the change?

just a heads up while it is nice to want to get things under control asap this can be a danderous

mind set as explained in that nice trucking story in markz signature (just read through it now)please be aware that this might not have an immediate fix.

?as far as to dealing with the embarrassment maybe ask your therapist and or mashgiach

you are doing a great thing here so be proud of yourself and KOT

For every half guy that knows, there are 2 monstah gyes here that care about you. And often, some guys that shout the loudest have issues themselves, often with sexual material, so don't get too perturbed by them

Thats wonderful that you come out and write the blog, already this helped alot to me just to write things down then you don't have to think about it the whole in order not to forget. As Markz once said it hurts to get caught it hurts more to keep going and not knowing when it will stop by itself - because it does not unless you work on it.

Good luck and keep us informed how its going.
