

Introducing Myself - "Nerdy"

Hello readers.

I am new and not sure how "vivid" is vivid. That is, I am not sure what may trigger in others. Feel free to edit.

I was born in 1963 making me 53 years old. My upbringing was rather stiff as my father was very controlling. In the late 70's , when I reached puberty, I started masturbating. Unfortunately, my struggle has been ongoing. TV in those days would be super clean compared to what children see today but shows like Charlies Angels and Wonder Woman gave me material to feed the masturbating habit.

My first marriage started when I was in my early twenties and lasted 27 years. My marriage starting going downhill after only a few years. there was sex 2 or 3 times a month and much masturbatng throughout. With the introduction of the internet, words are not needed to mention the material that fed my habit.

My second marriage started a little after a year of separation. During our dating she was bold enough to ask if I see inappropriate material on the net and I was honest to say yes, although masturbating was never brought up and even now we never spoke about masturbating during our marriage. She asked to me to speak to my Rav and therapist and I did and she was convinced the issue was under control. In our current marriage we do not have a TV or internet at home, but still I see things at the library. I told my wife i have a strong sex drive and would like like sex almost every night. She is reluctant to engage that often, but we do have sex 7 or 8 times a month.

My Rav used to take an active interest in helping me but has gotten so busy , he doesn't have time to reach out. My therapist is a "generalist" and not giving solid enough advice to help my problem.

I am hopeful GYE may help.

Thanks for reading

And what i take out of it is even the people who were "attacked" are welcoming you with open arms and making themselves available to assist you in breaking free. I think that is incredible. My advice - take advantage of their offer to put the past behind you and pick up the phone and call the chevra here - iyh you will join them in recovery.

hi everybody ,i just want to say thank you to all the pms that i got that was mechazek me to get back to things as normal and to continue after my mistake, today i got a taste of my own medicine, for some reason my karma went up to 11 eventhough i dont deserve it and then went down to 0 (i didnt do it )i appreciate the 11 karmas, but i apreciate even more the taking away of the karmas, i dont feel so great ,and i can imagine how cordnoy mustve felt,i would like the olam to continue taking away karmas that it should show at least a 3 digit negative karma amount in order i shouldnt forget what i did ,i would do it myself but i asked gye to delete my other usernames ,and it would take me hundereds of hours to get to at least negative 100.. again thanks for the chizuk to this very embarrassing point of my life. kol tuv.

Please don't feel bad for Cordnoy. He's ok (at least regardin' the stuff that goes on here; B"H, my life is in complete turmoil). Really, don't worry, I'm fine; let's move on.

If you ever have any issues, please email me. Those who know me here (and there are many) say that I'm not Darth Vader (perhaps Voldemort - strange, I tried swypin' Voldemort, and guess what came up - Cordnoy!).

God speed to all!
